

You have **#MoreInCommon** than you think. Take time to get together with your neighbours this summer using the Get Together With Our Neighbours photo prop.

Just print this PDF, cut out each mug and pose with your neighbour to help raise awareness of the small things we can all do to look out for one another.

Don't forget to tag **@great_together** and use the hashtags **#OurNeighbours** and **#MoreInCommon** to be part of the movement!
